Dr. Drake visits Barnes Nursery

On August 1st, Dr. Michael V Drake (President of The Ohio State University) visited Barnes Nursery's Composting Facility in Huron Township on his tour of Ohio's north central counties. Dr. Drake's mission was to learn more about how alumni owned businesses were using their education and University contacts to create new products and services that meet today's and tomorrow's market place.

Barnes' eleven OSU Alumni got to hear from Dr. Drake and all of the amazing things happening now at The University. It was a great day!!!
